Dear Parents/Guardian,

Analytical Thinking Skills (ATS) Classes

This is to inform you that classes on Analytical Thinking Skills (ATS) will resume on week 6 of Term 1 for all Primary 6 pupils. It will be held in the afternoon either before or after the P6 supplementary lessons depending on the schedule to be given out by the form teachers.

Last year, in semester 2, your son/ward had gone through half of the course and benefited from the exposure to various scenarios that are used to develop analytical thinking. It is hoped that with this enrichment, your son/ward will not only do well in his studies, but he will also be able to apply these thinking skills in different situations.

This is a special research-based project initiated by MOE. 6 schools have been selected for this project and MOE provides a 50% subsidy on the fees. The other 50% will come from the pupil's Edusave funds.

As classes are held in the afternoons, there may be certain days when your son/ward has other scheduled activities which may clash with ATS classes. The teachers will take that into consideration when they plan the schedule of ATS classes.

We expect every P6 pupil to complete the ATS course in order to benefit fully. However, if your son/ward is unable to attend any of the sessions scheduled, we would appreciate it if you could write to your son's/ward's form teacher, stating the reasons.

Yours faithfully,

Endorsed by,

Tan Chee Liang, Terry
