

Anglo-Chinese School (Primary)

A Methodist Institution
(Founded 1886)

9 July 2010

Dear Parents/Guardian,

E-Learning Days on 19 & 20 July

The school will be conducting a two-day E-Learning programme in July for pupils in Primary 3, 4 & 6GEP.

During these days, Primary 3, Primary 4 pupils (including pupils in the GEP) and P6H & P6I only, need not attend school. **Primary 1, 2 and 6 (main stream) pupils will carry on with their lessons in school.**

E-Learning brings with it new dimensions in education and definite benefits over traditional classroom training. The objectives are:

Students to be able to:

- ◆ access and download learning materials from the E-Learning portal;
- ◆ complete assignments; and
- ◆ check for important announcements through the E-Learning portal (message board).

During the two-day programme, pupils will stay at home to complete online lessons and assignments for the core subjects, at their own pace. All the lessons and assignments will be made available on AsknLearn website (<http://primary.asknlearn.com>). Pupils are to complete all the online lessons and assignments within the two days. A helpdesk will be available on the actual days for pupils to contact the teachers, if they have any queries about the lessons. Pupils may also call the technical helpdesk at 67779661 if they encounter any technical difficulties.

I seek your understanding and support in helping us provide our pupils with the exposure to independent learning so that in the event that they cannot attend school for whatever reason, learning can still continue. Class teachers will be briefing the pupils on how to access the e-lessons and will explain to them the concept of E-Learning and how it should be approached. Details of the programme and procedures are attached for your reference.

Thank you and I wish your son/ward a fruitful E-Learning journey with us.

Yours faithfully,

Lim Chew Hiong, Richard
Principal
